Mini Specs:

#### 2023 Mini Convertible

Description: Meet the MINI Convertible – the most open-minded member of the MINI family. Featuring our signature 3-in-1 soft-top roof and a refined interior with comfortable seating for four, it's always ready for your next open-air adventure. And with a lively Twin Power Turbo engine that can hit 100 km/h in a blistering 6.3 seconds (in the John Cooper Works variant), it's sure to deliver a few hair-raising thrills along the way. Discover the MINI Convertible today, and see the road in a whole new light.

Price: \$43,390 CAD

Engine: 3-Cylinder Twin Power Turbocharged engine

Speed: 205km/h

Transmission: 6-speed manual

#### 2023 Mini All-Electric

Description: Since our very beginnings, we've created cars that deliver a maximum experience with a minimal footprint. The very first Mini, built in 1959, was as fun to drive as it was fuel-efficient, and quickly became the urban car of choice as a result. Today, this very same principle is being applied to our electric mobility offering. With battery-powered driving technology that adds even more energy to the MINI driving experience, the all-electric MINI Cooper SE 3-door and MINI Countryman Plug-in Electric Hybrid are designed to electrify every drive and every day. And with lower emissions (including zero emissions in the MINI Cooper SE 3 door), they're leading the charge towards a brighter, more sustainable future.

Price: \$45,590 CAD

Engine: Fully Electric Motor

Speed: 150km/h

Transmission: single-speed automatic

#### 2023 Mini 5-Door

Description: It's everything you love about MINI...and more. Thanks to its unique layout and low center of gravity, the MINI 5 door is ready to deliver the same corner-carving agility that made its 3-door brother famous. But with more doors, headroom, legroom, and cargo room, it may be the slightly better choice for anyone leading a slightly fuller life.

Price: \$37,790 CAD

Engine: 3 Cylinder 12 Valve Twin Power Turbo

Speed: 207km/h

Transmission: 6-speed manual

#### 2023 Mini 3-Door

Description: Expressive and self-assured, the new MINI 3 door is a true original – combining 60+ years of convention-defying ideas with modern touches and practical features. Iconic by design and urban by nature, it's made to stand out as you uncover new corners of your city. And with a distinct go-kart feel and plenty of power to boot, you're sure to find something exciting at every turn.

Price: \$36,790 CAD

Engine: 3 Cylinder 12 Valve Twin Power Turbo

Speed: 210km/h

Transmission: 6-speed manual
